G.O. No. 1751 PH.,

DATED 13/7/29.

[Despatch Abstract.]

Sanitary Inspector -- Mangalore Municipality -- exemption from the Elementary Sanitary Engineering qualification -- orders passed.

2733

OFFICE OF THE Director of Public Health,
Madras.
Dated 3rd July 1929.

Forwarded.

2. In view of the strong representation of the Municipal Health Officer and the Chairman, I consider that the exemption asked for may be granted, provided he successfully undergoes the quinquennial training next year by applying to the Director of Public Health for special permission to enable him to do it, as such training is only given to men in the department. In my opinion, a case like this deserves lenient consideration.

Humble memorial of Laxmana Rau Gokarn,

Certificated Sanitary Inspector, ----

Codialbail P.O.South Kanara District.

Most Respectfully Sheweth:

That the memorialist is a Certificated Sanitary Inspector of more than fifteen years' standing, having undergone the full course of six months prescribed for Sanitary Inspectors from July to December 1913 and that he has passed the Examination in same in January 1914.

That he had also undergone the full course of minor Sanitary Engineering in the Office of the Sanitary Engineer to the Government of Madras from January to June 1914; that he had also appeared for the examination.

That the Memorialist had also passed the --

Vaccination Test in 1915 after undergoing the necessary training in the King Institute of Preventive Medicine at Guindy.

Memorialist further begs to submit that he has been working in the course of the last fifteen years as Plague Inspector and Cholera Inspector in the several parts of the Presidency and has given even at the risk of his life at times entire satisfaction in the discharge of his duties to his superiors.

Again your memorialist begs to submit that he has often been working as a Sanitary Inspector under the Mangalore Municipality. . .

Now that recently the Government of Madras has passed G.O.No. 668 dated 8th March 1929 prohibiting those that have not passed the minor Sanitary Engineering Examination from being appointed as Sanitary Inspectors, the memorialist is thrown out of employment and is ineligible under the said G.O. for appointments in future.

Memorialist in this connection most humbly begs to bring to the notice of the Government that he is nearly 40 years old and has a large family depending on him solely with no sort of paternal or self-acquired landed property or otherwise to fall back upon. Should this G.O. is also to be applied in the case of the memorialist it will go hard with him.

That the memorialist, therefore, most humbly and

respectfully prays that the benign Government may, on a kind and sympathetic consideration of the facts set forth in paras supra, be graciously pleased to exempt memorialist from the application of the said G.O. in this case as a special and particular case of exception, and thereby afford him at this old age of his chances to be appointed as Sanitary Inspector.

For which act of kindness and justice, the memorialist shall, as in duty bound, ever remain grateful and pray.

Lakshmandas Gokarn

Memorialist.

Forwarded & Recommended.

The applicant acted as a Sanitary Inspector on several occasions & his work has been uniformly satisfactory. He is a hard working & is earnest about his work. He took a keen interest in the Health and Baby Week Celebrations.

He was recommended to be appointed as a substitute in a leave vacancy caused by a Sanitary Inspector in this Municipality but in view of G.O.No.668 dated 8-3-1929 he could not be appointed since he is only an Asst. Sanitary Inspector. He now prays for special exemption which he highly deserves in view of his previous services especially as Plague & Cholera Inspector.

His Character & Conduct is exceptionally good.

Forwarded & strongly recommended for favourable Consideration
